About Us

The Montgomery Parks Foundation is the official nonprofit partner of Montgomery Parks. Founded in 1992, our mission is to empower county residents to shape, activate, and invest in the parks where they gather, play, and connect.

We know that parks are essential to the health and well-being of our community, and we are proud to help make Montgomery Parks a destination for recreation, discovery, and new experiences.

In collaboration with Montgomery Parks, we support programs and events that inspire connection, enrich lives, and strengthen our vibrant community.

Become a Partner

There are plenty of ways for your organization to engage and connect with the local community. If you are looking to elevate your brand, introduce a new product, or enhance your company's visibility, we invite you to partner with us as we bring people together through the power of parks.
